ABSENCE DUE TO ILLNESS FROM A CLASS TEST

I hereby apply for exemption for the class test mentioned above due to my illness on the specific date. I understand that my class test average will be calculated taking into account only the class tests that I do write. I acknowledge that there is no sick test for a missed class test.

ABSENCE DUE TO ILLNESS FROM A SEMESTER TEST

I hereby apply for permission to write the aegrotat semester test (sick test) due to illness on the day the semester test was written. See the attached medical certificate.

I understand that it is my responsibility to check the date on clickUP and write the test as scheduled. If I do not write the sick test, I get zero for the semester test I have missed.

How will you know that administration have processed your request?

In Grade Center on clickUP, you will simply have *no mark entered* for this particular test. If it shows a "0", please send an email to rona.dutoit@up.ac.za within 2 weeks after the date on which the marks have been released.

In the case of a semester test, your mark will be entered only after the sick test was written. This usually happens during the last week of the semester when we post the semester marks.
